

Technology-Solutions-as-a-Service

Complete IT Solutions That Accelerate Business Results

ATSG TSaaS delivers the right level of service for your environment – on demand – providing you with the flexibility to focus on your core business and respond in real-time to your clients' demands.

ATSG Technology Solutions as a Service (TSaaS) can simplify your IT by quickly deploying a complete, fully-managed solution that delivers results. TSaaS combines our leading cloud and premises-based solutions with rediTech design and engineering services that target your business and IT objectives. Our TSaaS solutions are fully-managed, 24x7xAlways to maintain high availability and performance.

TSaaS Benefits

- Gain expert guidance on the latest IT technology that can help you innovate, compete, and operate more efficiently
- Make the most of your IT investment with a combined solution and services bundle that targets your business success
- Respond quickly to new business demands with rapid deployment and no operational burden
- Operate with a cost-effective service model requiring minimal upfront investment and providing flexible payment options
